LOCO CARNAVAL

EVERY SUNDAY

Lohrasp has always viewed himself as more than just a DJ. To him DJ'ing is beyond playing music. His goal is to give his audience a show by connecting to them on a deeper level. Every time he steps on stage, Lohrasp vows to make everyone feel like they're in a different world during his performance. His energy is unmatched. While the music may seem as his most significant tool, his emotions and charisma are equally as important.
