# GENEVA. NEW YORK. THE WORLD.

Lohrasp Kansara is a bilingual native French speaker whose signature sound sits at the crossroads of **Afro House and Tech House**, built for the dancefloor but designed to move people somewhere beyond it. He has spent more than a decade refining it across 6,000+ shows in 60+ countries.

That work has played out across five clubs currently ranked on the **DJ Mag Top 100 2026**, including Illuzion Phuket, Cavo Paradiso Mykonos, Marquee Singapore, Duplex Prague, and LOD Kathmandu, with a 2026 hard-ticket headline at **Marquee New York**. The records have followed the rooms. Pete Tong has signed two of his singles to **Places & Spaces**, and Black Coffee has ID'd eleven of his tracks on his official Spotify playlist, where **Sandstorm** peaked at #3 and held a spot for 209 days.

At home in New York, Lohrasp runs **LOCO CARNAVAL**, his weekly Sunday-night residency at Somewhere Nowhere, where he has hosted Shimza, Moojo, Da Capo, Cristian Arango, and Oscar G. Music and acting have run in parallel throughout his career, with credits across 14+ TV series and several films. Both remain active pursuits.
